Old Council Building Lot 94 Parish of St. Clements.

OUR COUNCIL CHAMBERS

submitted by slh

The first Council Chamber, to the best of my knowledge, was located on the old Main Road (now known as Henderson Highway) on part of Lot 94. It was the old McKay residence. A photo has been located after much searching and we include it here as a record of our humble beginnings.

The old home was used for all meetings and some socializing. Mr. Wlm. T. Fidler did the brushing and banked up, as well as, made a firebreak around it annually. He also hauled wood for winter heating of the building. It would appear he was paid about \$6.50 for all this work. Mr. W.R. Swain was the Caretaker, off and on, and he was paid \$2.00 per month for his effort. Annabella Fidler did the cleaning chores of scrubbing and dusting. She was paid \$2.25 for this duty.

The insurance for the first council building was with the City of London Assurance Company and the premium on the Chamber was \$16.50 for three years.

In the year 1895, Claude R. Macfie supplied 6 cords of green Poplar wood, delivered right to the site for the sum of \$6.00 total.

The Council Chamber received a thorough face-lift in the spring of 1900 when Wlm. T. Fidler repaired and painted same, receiving \$15.75 for his contract. That fall he put in new windows and a gate for the chamber.

The Kitchener S.D. used the building for school purposes from Sept. 1900 until their new school was built during the summer of 1901.

William Fidler was always repairing the building, it would appear, from the accounts listed for payment. Anything from broken windows to splintered guardrails.

Early in 1907, Council authorized the building of a shed, about 24' x 16', made of shiplap, having two doors and being shingled, to be on lot 94. By Oct. someone had locked the safe and no one could open it, and Council paid \$20.00 to have it opened and then repaired.

During the year 1909, the Town of Selkirk approached St. Clements several times to move to the Town of Selkirk and rent premises there for holding their meetings. Council, after some discussion turned the offer down.

From March of 1910 to March 1912, Council authorized the purchase of a typewriter, new tables, chairs and a desk.

Also, it is to be noted that Council was purchasing large amounts of lumber from Hooker's Lumber Company in 1911/12 and storing it at the yard for municipal work.

It was Councillor J.B. Burnett who gave notice in March of 1913 that he was going to introduce a by-law to acquire a parcel of land upon which to erect municipal buildings. He did so on May 6, 1913. Resolution No. 109 authorized the Reeve and Secretary-Treasurer to pur-
