JOHAN AND INGRID KATARINA BOLIN

submitted by Anna Dorothea Bolin

Our father, Johan Bolin, was born in Sweden Mar. 12, 1869. He left Sweden April 22, 1896. He travelled by train from Uppsala to Gotenborg, from there by boat to Liverpool, England and then by ship to Montreal.

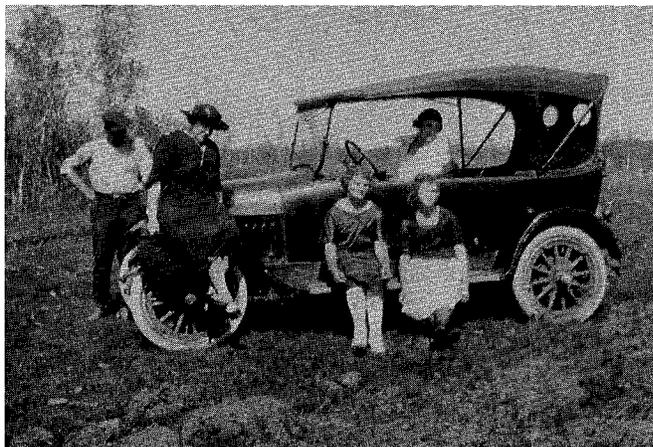

Our mother, Ingrid Katarina was born in Varmland. She married my father in Uppsala, Sweden. She was born on Dec. 28, 1865. She left a little later than our father, with two of their children, - *Marie Ingaborg* 2 1/2 yrs. and *John Halvar*, 9 months. She came the same route. It took 3 weeks on the Ocean and she was very sea-sick.

Our father had a sister Marie and her husband living in Winnipeg, so they came direct to them. Our parents lived in Winnipeg approximately 4 years where another son was born - *Karl Rudolph*.

Our father worked at Lockport as a Stationary Engineer during the building of the Locks. He also worked as a Stationary Engineer when the Legislative Building, Post Office and General Hospital were built in Winnipeg.

In 1900, our mother moved with the children to Poplar Park - 4 miles North of Libau. Our father continued working in Winnipeg and Lockport. They had 5 more children all born at Poplar Park: *Helgie Laurie*, *Hilma Irene*, *Anna Dorothea*, *Elvira Catherine*, and *Alfred Elmer*.

Travel in those days was with horses and sleighs, in winter and buggies or wagons in summer. The roads were terribly rough. The nearest town was Selkirk. They would

go by Devil's Creek to St. Peters on the Red River and cross on the ferry and then on to Selkirk.

Our father would come home on week-ends. He would take a street car to Selkirk and then rent a horse and cutter at Dickinsons Livery Stable, Selkirk. The roads were terrible in summer, with so much corduroy and it was so rough. Our mother used to tell us how dark it was coming home from Selkirk during a thunderstorm late in the evening. She would wait until the lightning flashed so that she could see how to get across the culverts.

Bolin Family and home.

The Bolin dog team.

Our mother hadn't seen Indians before. She told us about seeing them on the narrow trail, riding horses. They wore feathers attached to a band and tied around their heads. She would hide in the bush until they passed.

Our father bought a quarter section (sec 33-15-6 East) where the old house remains to-day. It was built in 1916. He then homesteaded a quarter section across the road, so he had a half section of land.

They supported and attended the St. James Church in the area. I was the first baby to be christened in the church.

Marie, our sister worked for the Telephone Company for 40 years. She is now retired. John and Karl were engineers on the Canadian Pacific. Hilma and Elvira went to California to live. I taught school in Manitoba for 7 years and then went to California to live. Helgie and Alfred remained on the farm.

VICTOR BRETCHKA FAMILY HISTORY

submitted by Victor Bretchka

Victor Bretchka was born Dec. 16, 1932 at his home in Walkleyburg, being the youngest son of Peter and

David Alfred Bruce, son of Patrick Bruce Sr. and father of Patrick Bruce Jr.

Mrs. Alice Bruce (nee; Leask, Pruden).

In the year 1903, David married a young widow lady named, Alice Pruden, (nee: Leask) who had been married to William Pruden in 1887. William and Alice had a family of 6 children born to them: Walter born in 1888 (died at birth), A. Ambrose born in 1889, Dave T. born in 1891, Lydia (Diddie) born in 1892, Gordon born in 1895, Charlie born in 1897, and Wlm. Jr. (Bill) born in 1898. William Pruden Sr. had very sadly passed away and Alice was left alone to cope with her growing family. Alice had been born in 1870, the daughter of Wlm. Leask and his wife (Cummings). Alice Leask had three brothers and 6 sisters named: John, Edward, Alfred, Sophia, Liza, Mary (Polly), Lydia, Flora and Maud. Alice had come from the large Leask family and was used to the hard work of early pioneer life, and she had been a good wife to William Pruden and raised her family with all the love and care within her ability.

PATRICK BRUCE JR.

submitted by Pat Bruce

Patrick Bruce was born in Poplar Park in the year 1904, the son of David A. Bruce and Alice (Leask, Pruden). Alice had been married to William Pruden earlier in 1887 and had a family of 6 children: Walter (died in birth), Ambrose, Dave, Lydia, Gordon, Charlie and Wlm. Jr.

Patrick was the first child born (1904) to David A. Bruce and Alice, followed by Roland in 1906 (died at birth), Roy in 1908, Robert (Jim) in 1910, and Margurite in 1913, also called Marge.

The children attended Arnhold School and the St. James Anglican Church of Poplar Park.

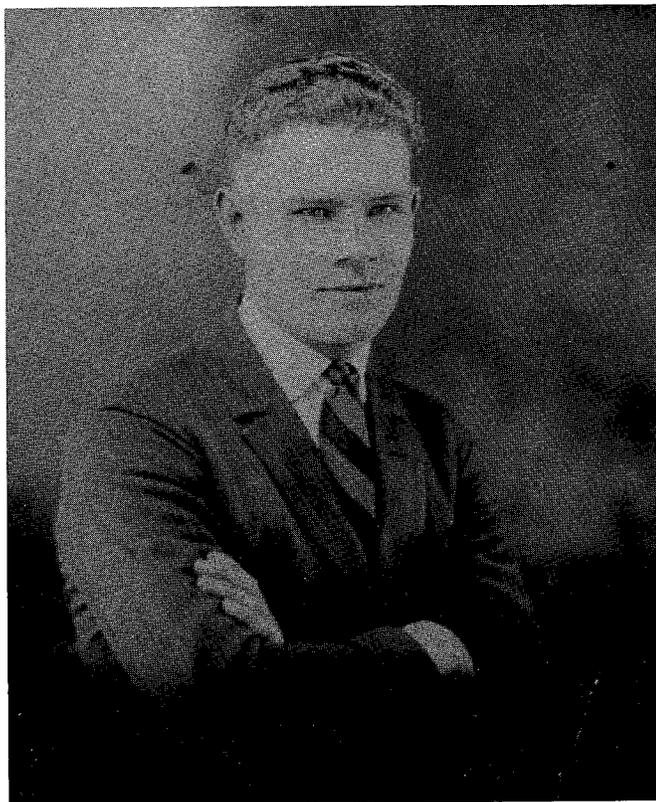

They lived at Oak Point, on the property at the SE end of Philip Monkman's land about 1 1/2 miles East of the main road on Pt. N. 1/2-N.W. 1/4 of 30-15-6E.

Patrick was about 9 years old in about 1913/14 when a cottage was turned into the Arnhold School and remembers John Isbister's sister was the first teacher.

As Patrick was growing up he worked about the home helping his parents and he also worked out for various farmers doing threshing and haying. Patrick also worked with the road crew brushing the road into the Pine Falls Paper Mill in the earlier years. Eventually, Pat was hired by the Mill as Camp Cook, where up to 2000 hungry men had to be fed. There appeared to be some discrimination at camp, but Pat was a decided favorite. He worked there about one year. David A. Bruce, Pat's father, felt Pat could do better than this, so he obtained employment for his son working for the CNR where his first job was in the CN Express as a Bill Clerk. Patrick was soon promoted and during the years, he worked in about 22 different departments with in the CNR organization. At one time he worked the No. 1 train to Armstrong and received \$400 per month, which was considered very good pay in those days. Patrick was very ambitious and energetic and supplemented his income by doing other projects such as painting, carpentry, Sales (radio and T.V.'s). He realized a goodly sum from these odd jobs and in later years the early experience would come to his aid.

In the 1930's, Pat worked for Dominion Business College. He was involved in Public Relations and his clients were young men and women who had graduated from school and looking for a career. Patrick would convince them of the advantages of enrolling in business college.

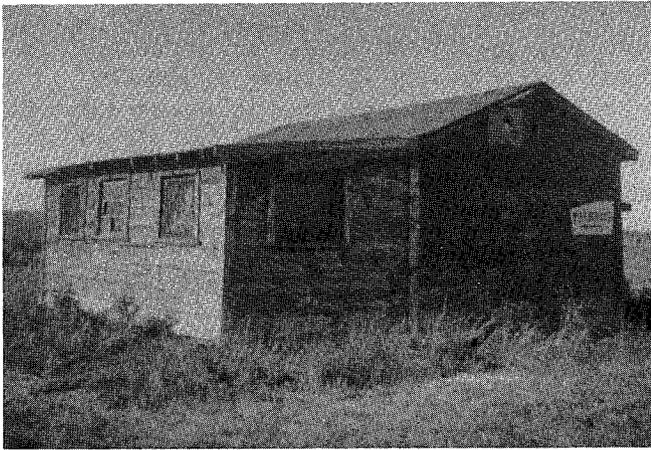

Patrick met and married a young lady, Mary Catherine Millward, on June 11, 1927. They were married at the St.

Mr. Patrick Bruce, 1922 at 18 years of age.

Mary Catherine (May) Millward was the daughter of Albert Evan Millward and Jane (nee: Davies). May's father was born in England, and her mother was born in Cardiff, Wales. May's parents were married in England and after 4 children were born to them, they decided to move to Canada. They settled in St. James, then moved to Fort Garry.

May went to work as a young lady of only 15 years. May had a variety of jobs, in her youth.

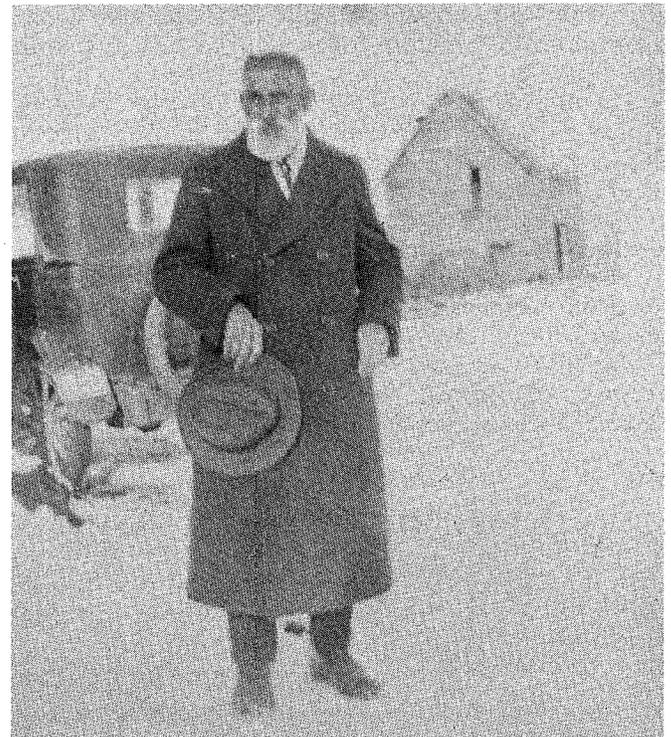

In 1947, Patrick and May moved to Vancouver, B.C. While there, May went to night school where she took many different courses; wood finishing, typing, cake decorating, oil painting and music with Violin lessons. May then joined a band of 6, a piano, accordian, Sax, Trombone, Drums and violin. They play a lot in White Rock, B.C.

Patrick and May remain busy. They had three

children: Lorne, Joan and Jim. Lorne works at the University of Regina, Joan works in a Doctor's Office, and Jim is a High School Teacher now in charge of the Resource Center in the Cranbrook area. Patrick and May also have 7 grandchildren and 1 great-grandchild.

In 1977, for their Golden Wedding Anniversary, Patrick and May celebrated by getting married again, a true sign of love and devotion.

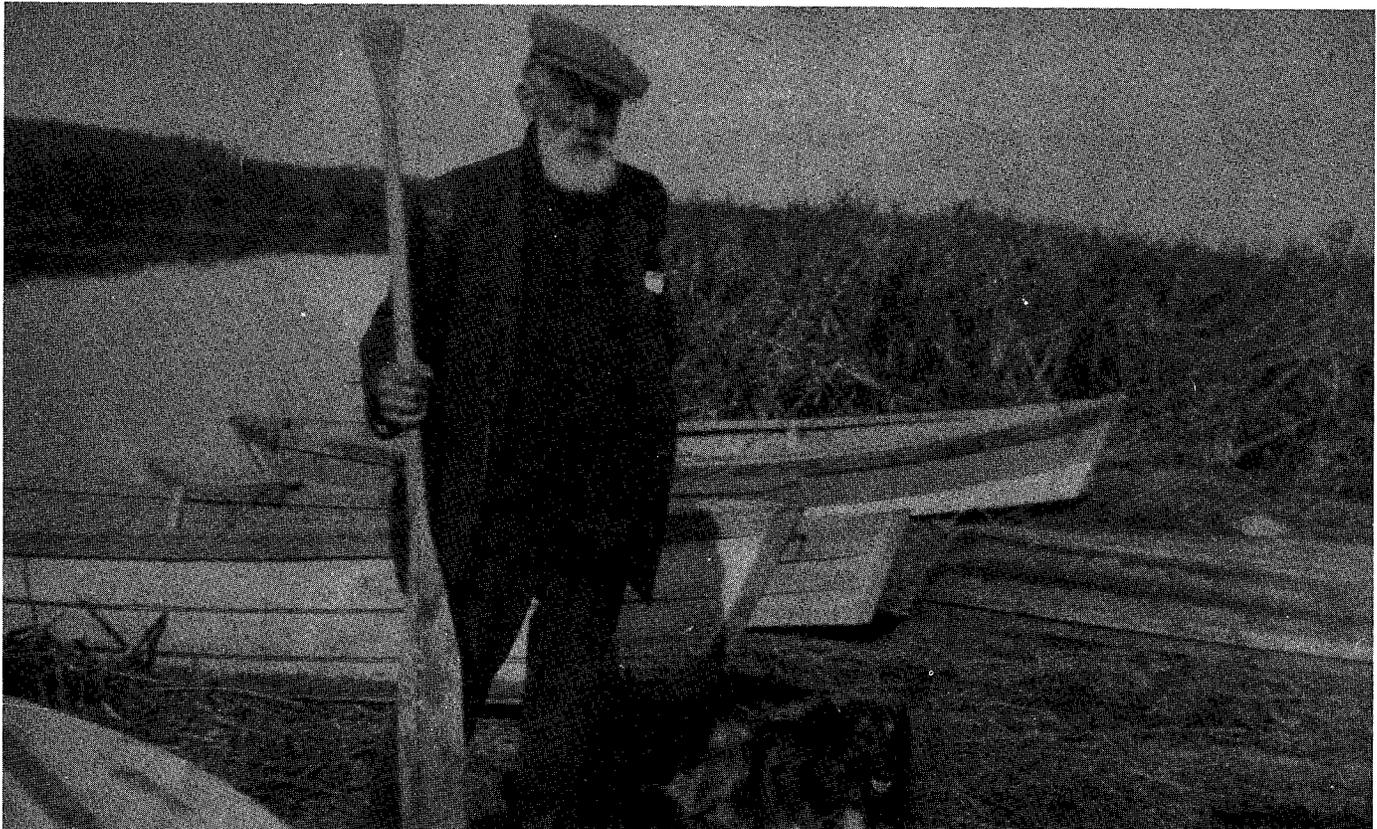

Although Patrick and May live in White Rock, B.C., Patrick can be seen 6 out of 12 months in one of his favorite places, the Libau Marsh. Patrick still keeps busy in the Libau Marsh and May keeps busy with her painting and violin playing.

VICTOR AND NETTIE (ANNIE) BRYLL

submitted by Anne Molinski

Victor Bryll came to Canada from Austria in the year 1905. He left behind his wife Nettie (Annie) and his two children, Walter and Mary, in order to make a new home for them in Canada. He was a stonemason. Victor passed away in Wpg. in 1911.

Nettie Bryll remarried to Alexander Solnik and they emigrated to Canada in 1913. When they arrived in East Selkirk they built a one room log house, that is now still the Bryll property. Later they built a much larger home, it still was built of logs with siding on the outside.

Walter attended the Happy Thought School and at the age of 14 he went to work at Simpson's Box Factory in Selkirk, where Robertson's Store now stands.

At the age of 18, he started working for the Manitoba Rolling Mills where he became a melter, and worked there until his retirement in 1974. Walter was musically inclined, he played the violin, drums and accordian. On Sept. 30, 1934, he married Annie Mikolash, the daughter of Theophile and Maria. We then moved into the Solnik house and they built a new home across the road. We have two sons, Richard Walter born March 29, 1936 and Victor Ted born Aug. 11, 1941. The year Richard was born I came home April 8, Dr. Ross still drove on the Red River and took me to where the steam plant stands and my brother Adolphe came with a team of horses and a sleigh and drove me the rest of the way home.

In 1939 we tore down the log house and saved what lumber we could. Walter's half brother Mike Solnik (age 18) built his first house, which still stands at what everyone called "Bryll Corner". Walter, at that time,
