JACOB JONASSON'S FAMILY HISTORY

submitted by Isabel Jonasson

During the 1880's life was not easy for the people of Iceland. Faced with hardships and famine is what brought Klemens Audnendson and his wife Ingibjorg Osk Jonsdottis with their two small children, a son, Jakob, 2 years old and a daughter Ingibjorg (Emma) 6 months old, to Canada.

They arrived in East Selkirk in 1886. Klemens and Ingibjorg with their family settled in Selkirk, Man.

After arriving in Canada, Klemens changed the family name to Jonasson. In Iceland the surname of a son always became the father's first name, with "son" added to the end of it. The daughter's surname was also the father's first name with "dottis" added to the end of it.

Jacob Jonasson was born Jakob Klemenson on July 5, 1884. There were five more children born to this family after arriving in Selkirk, Man. His oldest sister Ingibjorg (Emma) was born in Iceland on Sept. 10, 1885. She passed away in Sept. 1961. Oddny Johanna was born on Nov. 28, 1887, she was baptized on Jan. 1, 1888. She passed away when still an infant. Augusta Klemensina, known as Ina, was born on May 22, 1889, was baptized June 9, 1889, passed away at the age of fourteen years. Margaret Kristjana, was known as Kate, was born on July 7, 1891, she passed away on Feb. 12, 1919. Halldora Kristin, was called Dora, was born on Jan. 16, 1893. Klemens was a carpenter and boat builder, Jacob too, was a carpenter. They both worked in the government yards in Selkirk. Jacob became a farmer in 1912 in the munc. of St. Clements.

It was on Dec. 20, 1912, that Jacob Jonasson purchased from William McCorrister, legal subdivision 16 in Sec. 11-15-5E adjacent to the St. Peters Marsh. Then in 1916, Jacob bought from Paul S. Johnson all of the north half of legal subdivision 13, west of Devils Creek, Sec. 12-15-5E. It was about 1921 that the Jonasson family moved from Sec. 11-15-5E across the road to Sec. 12-15-5E, this was beside the Devils Creek, a tributary of the Red River. This is where Jonasson Farms got its beginning on May 29, 1946.

In 1912, when Jacob and Stina Jonasson and family settled on Sec. 11-15-5E, it was all forest, no roads, just trails through the bush and marsh. Jacob was instrumental in getting the first school for his children and other children in the district. The school the Jonasson children attended was a tent school on Sec. 10-15-5E halfway between Jonasson and Lefteruks as they were the only families that lived out there at the time. Their first school teacher was Mr. Patrick. There was a school built on the same place as the tent school, which was later moved to a River Lot beside the Red River and was named the Hoey School after the Minister of Education of that time. These first schools were closed for the winter months. The Jonasson children went to Libau school for the winter months, crossing over the Devils Creek when it was frozen over.

In 1945, the Hoey School was too small for all the children. This school was always under the authority of an Official Trustee from the Department of Education. The Official Trustee purchased property from Mike Kosack, where the East Hoey School was built, and the other school was West Hoey. In 1960 both West and East Hoey Schools were consolidated with Happy Thought School.

In 1943, Jacob and Stina sold all their holdings to their children. After Hugh Jonasson, Bruce Hampson and Victor Hibbert came home from their war services, a partnership was formed on May 29, 1946, among the Jonasson children and in-laws. The partnership was known by the firm name of "Jonasson Farms". There were no roads into the farm until after the war, getting in and out was done with much cost and great difficulty

especially in rainy wet weather. Jonasson Farms built their own all-weather one mile road into the farm. The St. Clements' Council just wouldn't help, always the excuse they were too broke.

Jacob Jonasson's parents Klemens and Ingibjorg stayed at Jonasson Farms from 1942 until their demise. Ingibjorg was born Aug. 5, 1855 and passed away Jan. 19, 1944, at the age of 89 years. Klemens was born in 1856 and died Oct. 1946, at the age of 90 years.

Stina's father, Thomas Sigursson died April 12, 1909 at the age of 39 years. After his death Stina's mother, Margaret Sigursson lived with Jacob and Stina until her demise, in 1927.

Jacob was a progressive man and very ambitious, a man of great character always ready to give a helping hand to the neighbors or anyone in need of help. Jacob was also greatly respected in the community and always the first to support any cause which would serve to better the district. Stina was admired for her gentle and quiet influence over the family. In the early days they worked hard and enjoyed immensely the simple pleasures of the time. As pioneers they made a truly great contribution to the development of their community.

Stina Jonasson born May 5, 1889 passed away at Jonasson Farms Oct. 1, 1950, at the age of 61 years. Jacob Jonasson was born July 5, 1884 passed away at Jonasson Farms Dec. 19, 1953, age 69 years. They are buried in the Lutheran Cemetery in Selkirk, Man.

FRANK AND GEORGINA JOSEPH FAMILY HISTORY

submitted by Gina Joseph

We, Frank and Georgina (nee Cole) were married on Aug. 4, 1956 in Elkhorn, Man. We lived in Winnipeg from 1956-1973 at which time we purchased the former Harry Mazur farm in the Kirkness area where we reside at present. On Oct. 20, 1973 we moved here with our two small children: Kent Douglas born Dec. 8, 1964 and Karen Leanne born March 15, 1967.

Frank was born and raised in Stockholm, Sask. where his parents Sam and Anne owned a store. In 1946, at the age of 19, he moved to Reider, Man. with his family where they bought a farm and built a store and where his family still reside and run the store, Post Office and farm. He was the middle child in a family of 5 children, 3 boys and 2 girls. Frank received his schooling in Stockholm, Sask. He began working for the C.P. Rail in 1946 and is presently employed by the C.P. Rail at Weston Shops in Winnipeg and farms our 240 acre farm as a hobby. Frank was an avid sports participant and played hockey on several of the local teams around Reider as well as baseball in the summer. They played in the local ball tournaments.

Back Row, Left to Right: Karen and Kent. Front Row: Georgina and Frank Joseph.

I, Gina, was born and raised on a farm just 3 miles south of Reider, Man. My parents are George and Irene Cole and I am the second oldest of a family of eight, 5 girls and 3 boys. The first 8 years of my schooling were spent in a little one room country school called Two Creeks, in the Municipality of Miniota, Man. Grade 9 I took at Oak River, Man. and Grade 10 and 11 in Elkhorn, Man. I then worked as a telephone operator at Virden, Man. and later tried several other jobs before I decided to go back and take my Grade 12. I went on to Teacher's College in Winnipeg and from there I taught school for 2 years in a one room rural school called Springfield near Virden, Man. At this time I got married and we moved to Winnipeg where I taught in the city schools for 8 years. At the present time I am kept busy working on our farm, writing a column for our local newspaper, working as a volunteer on the Centennial Committee and for our local Association called the East Selkirk Recreation Association. I too, was an avid sports participant and am an avid fan and great believer in sports and recreation. I have participated in baseball and enjoyed the many tournaments our team attended as a young person as well I have participated in bowling, curling and volleyball, and enjoy hockey as a spectator. All these things help to keep me very busy along with raising our two teenage children and keeping up to their activities.

Kent began school in Winnipeg and attended Morse Place for Kindergarten, Grade 1, 2 and 3. In Grade 4 we moved here and he attended Happy Thought and the Lord Selkirk Comprehensive High School in Selkirk where he took Power Mechanics. He was very active in sports and has trophies in hockey, baseball, football, curling and even the bicycle rodeo held at Happy Thought School each year. At present he is finished Grade 12 and trying to decide what further training to take.

Karen began Kindergarten at Morse Place and moved to Happy Thought at the beginning of Grade 1. She, too, is active in sports and enjoys baseball, ringette, volleyball, and skating. At present she is in Grade 10 at the Balmoral Hall School in Winnipeg. She plans to attend University and become a Social Worker.

We are all a very sports minded family having all taken part in sports one time or another. We would very much like to see the day when East Selkirk has a sports facility equal to our neighbors around us. We have been involved with the East Selkirk Recreation Association for the past 8 years. I, more than Frank as the farm and C.P.R. keeps him busy. The children have participated in the many programs offered by the Recreation Association particularly hockey and baseball. We plan to continue to work towards completing the East Selkirk Recreation Centre and hope to see the day in the very near future when the people of this area can enjoy a closed in hockey and skating arena.

Bill Kabo was raised on the farm and attended school and moved with his mother to Winnipeg and worked at many places. He met Doris, and they were married and raised 5 children. Peter Kabo was raised on the farm and attended school. He moved with his mother to Selkirk and then to Winnipeg. He worked there in the late 20's and then he followed his brother to New York. He met Ray Crumplen and they were married in 1935, in South Carolina. They had one daughter, Judith, and then moved to Virginia. Peter Kabo passed away on Jan. 26, 1961 in Virginia.

He kept on with his education and moved on to Winnipeg. His mother took ill in 1925 and passed away in the spring of 1925. He looked after his mother's business and then he immigrated to New York, in 1926. He still owns his land in Walkleyburg.

PETER KALESKI

submitted by Minnie Zapotosky

Peter came to Canada in 1904, from the Western, Ukraine. He worked in the Garson Quarry for a number of years.

In 1909 he married Dora Kabez, and settled in West Selkirk, where Peter worked in the Street Car Shops.

In 1917, he bought a farm in Libau, from Mr. Grabowski. Peter and Dora lived on this farm until 1946, when because of ill health, he sold the farm to Al and Lil Tone, who still reside there.

Living conditions were hard, so in order to make a living they kept a few cows, horses, pigs and chickens. Peter also worked in the Selkirk shops every summer to get a little cash, he also went harvesting.

I remember being told of a funny incident that happened when us kids were home alone one day. A stranger drove into the yard with a horse and a cutter. After asking us kids who lived there, he was amazed to learn that he knew our parents well, and kept saying, "son of a gun", "what a coincidence", and he repeated that phrase quite often. Well, my brother, who was about 5 years old at the time, finally walked up to him and asked, "And you, You son of a gun, where, did you come from?"

Peter and Dora had six children, Irene, John, Mary, Minnie, Stephie and Frances.

Irene, married John Salter, they have two children, Lillian (Hough), and Lawrence and they live in Winnipeg.

John, (deceased), married Nettie Feschuk, they had one daughter, Judy Stamler, and one son Clifford.

Peter Kaleski, Dora his wife and Daughter Irene, 1910.

Mr. Grabowski built this house in the 1900's. The Kaleski children grew up here. Gladys, Granddaughter of Mr. Grabowski in Photo.

Mary married John Smorang, they had four children, three girls, Olga, Sally, (Hryhorko) and Elsie (Jasper) and one son Walter. Mary passed away in 1963, and John also passed away.

KALUZNIAK FAMILY

submitted by Peter Kaluzniak

The Kaluzniaks, a family of seven, Harry, his wife Pansy (nee Bunio) children John, Mary, Pete, Fred, and Kay accompanied by his brother-in-law Michael Bunio and a family of four immigrated to Canada in April 1903. Both families settled in a heavily wooded area four miles east of Libau and lived together in a log cabin with no floor for the first winter. They were very happy to see all the big trees here because the country they came from, wood was very scarce.

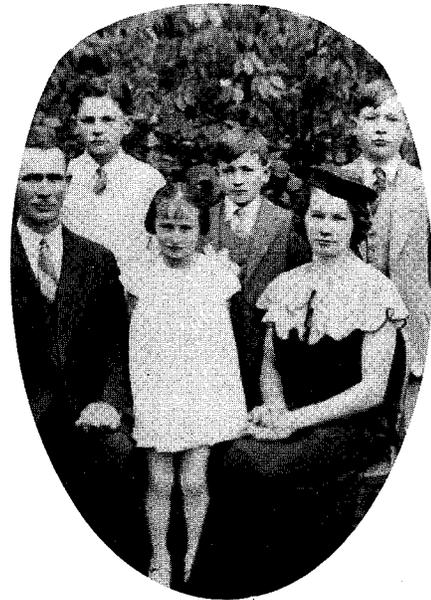

After a couple of years, finding out that the land was not suitable for farming in that area, the Kaluzniaks acquired some property at a place which was later called Walkleyburg and were one of the earlier settlers in that area. They built a house and other buildings, cleared the land and farmed there the rest of their lives. They were blessed with four more children, Annie, Mike, Metro and Pearl for a total of nine. There was no school in the area until 1911 when Brookside School was built and the older children went to school when they were well up in age just to learn the basics of reading and writing.

John moved to Alberta where he worked on the railroad and was a section foreman for many years. He got married there and raised a family of six children, Mike, Peter, Mary, Rose, Nancy and Verna.

PALAGA AND SEMKO KANICKI (KONISKI)

submitted by Helen Doherty and slh

Palaga and Semko Kanicki (Paula and Samual Koniski), are pioneers of the municipality. Semko Kanicki was born on October 12, 1880 at Budzyn, Yarosz, Austria. He departed for Canada from Rotterdam, Netherlands, May 12, 1913 and arrived in Canada, Quebec on May 23, 1913.

Palaga Butich was born on Dec. 31, 1887 at Yarrow, Austria. She came to Canada in the early 1900's, where she met and married Semko Kanicki on Nov. 5, 1916 at the St. Vladamir and Olga Cathedral in Winnipeg.

Palaga and Semko finally settled in the Narol area of Manitoba, where they were involved in Market Gardening most of all their lives. They had a family of eight children: Michael and Stella, who died in infancy. The remaining six children are still living today, and they are: Steve Koniski of Vancouver, B.C., John Koniski of Wpg., Katrina Teriaco of Jackson, Michigan, Anne Gylywaychuk of Wpg., along with Michael and Joseph Koniski who also reside in the City of Wpg.

Michael Koniski says, "my Father used to get up at five o'clock every morning to start the fires at Donald

School in the wood furnace. My sisters Anne, Katrina, Father and myself use to work cleaning the 4 rooms in the 2 schools for \$5.00 per month in about 1938-39. About three times per year we had to wash and scrub the wood floors and oil them to keep the dust down. The garbage had to be emptied from 4 rooms and wood carried and placed in a neat pile near the furnace. Each night all the rooms and hallways had to be swept and made ready for the next day. When the war broke out the salary was raised to \$20.00 per month, but some other family under bid my Father and we lost the contract. Father also worked for the CNR putting ties on the railroad bed".

Katie related that her father had bought a two-room log cabin and hauled it in from Lockport and set it up as a permanent home for the family. They had to carry all their water in pails from the good neighbors, until they had success in digging their own well (by shovel and pulling dirt up with the pail). They then boxed it in with wood planks. The water was very good and used for the home, cattle and farm use. Katie remembers her father hauling gravel from the gravel pit to the yard, trying to conquer the mud. At one time he had a tragic accident, he was buried up above his waist in gravel. This caused him a lot of pain and injury and he was ailing from this accident for many years.

Samuel died in June of 1970, at 80 years of age. Palaga lived with her daughter, Anne Gylywaychuk in St. Vital for some time, and later lived with Joseph, her youngest son. Palaga (Paula) died in Feb. 1979, at the age of 91 years.

Katie states that all her brothers and sisters were born in the home, being delivered by an attending midwife. Her mother looked after them all with tender loving care. Up to the age of 15, none of the children ever saw a doctor. Later on they had minor ailments attended to, such as teeth, tonsils or appendicitis. However, they were all free from major ailments.
