

Teacher submitted Continuity Questions for Early Life and Settlement

(Influence of natural environment in Manitoba, interactions between the Selkirk settlers and Aboriginal peoples, impact of European settlement on Aboriginal communities in MB)

The impact of European settlement influenced and changed life for the Aboriginal communities in MB.

Change

- How did things change?
- What changed?
- What are the positive and negative aspects of these changes?
- How quickly did the changes happen?
- Were some of these changes difficult for the Aboriginal communities?
- Were some of these changes easy for the Aboriginal communities to accept?
- Are these changes still happening today?

Continuity

- Did some aspects of life for the Aboriginal communities not change?
- What remained fairly constant?
