THE KINTOP FAMILY

submitted by the children

Frederick Kintop was born in Niespodzianka, near the town of Tucyzn (Tuchin) and the city of Rovno, in the Province of Volhynia, Russia. Frederick served 3 years in the military (1909-1912) under the Czar of Nicholas II. In 1913, after spending a year with his family, he set out for Canada. He was never to be reunited with his parents, brother, and sister, except for two sisters: Mrs. Alvina Schade, Winnipeg, and the late Mrs. Emily Budner, U.S.A.

Frederick arrived in Halifax, N.S. and later arrived in Winnipeg in June 1913. Upon his arrival, he spent some time in the Greenwald area, mostly with his uncle and aunt (Michael and Rosalia Froehlich, nee: Kintop).

Around 1918, Frederick met Maria Klann. Maria was born in Gretna, Man. on Sept. 19, 1901, the daughter of Daniel and Augusta Klann (nee: Hemminger). They were married on March 14, 1920, in the Thalberg Trinity Lutheran Church. After their marriage, Frederick and Maria left Greenwald for Morris, where Frederick worked at a variety of jobs. In 1921, they bought 35 acres

in Greenwald, Sec. 35-15-8.

Frederick hauled cordwood to support his family and in 1938 he bought 160 acres of land, Sec. 29-15-8. Here, Frederick and Maria kept cows. The Kintop's were also one of the first owners of a cream separator (Stockholm) in 1921.

In 1933, Frederick started to build a house, hewing the logs himself and hiring a carpenter for assistance.

On March 14, 1970, Maria and Frederick celebrated their 50th Wedding Anniversary in the Thalberg Lutheran Church. This time was also used as a family reunion, as Maria and Frederick raised 5 sons and 4 daughters: Hulda, William and Daniel (twins) Emanuel, Natalie, Alma, Linda, Walter and Ronald.

Hulda married Leonard Patzer (now deceased) she lives in Thalberg. William married Elsie Schendel, they live in Dencross. Daniel married Rose Geschke, and they live in Stead. Emmanuel lives in Greenwald on the home place. Natalie married Roy Schnellert, and they live in Pinawa. Alma Kintop lives in Winnipeg. Linda married Ervin Beck and they live in East Selkirk. Ronald lives in Oxford House, Man. Walter married Betty Rempel and they live in Greenwald. Frederick and Maria have 19 grandchildren and 10 great-grandchildren.

Frederick passed away on July 16, 1972, at the age of 85. Maria passed away on Dec. 24, 1976, at the age of 75. Both are resting in the Beausejour Lutheran Cemetery. For more information on the Kintop family, look in the Beausejour Book, under Frederick and Maria Kintop.

Walter Kintop, second youngest son of the late Frederick and Maria Kintop, was born in Winnipeg and raised in Greenwald, Man. I attended Greenwald school. I was baptized in Greenwald School, which was used as a church at that time, and confirmed in St. John's Lutheran Church, Greenwald. During the years 1971-1977, I served on the Church Council at St. John's Lutheran Church. At the time of my installation our pastor was Rev. Alvin Querengesser and upon completing in this capacity our Pastor was Rev. Peter Stiller. Presently, Betty, myself and our children are members of the St. John's Lutheran Church, Greenwald.

My wife, Elizabeth (Betty, nee: Rempel) is the daughter of David and Agatha Rempel, Steinbach, Man. Betty comes from a Mennonite background. In the summer of 1961 she was baptized and confirmed into the Lutheran faith. Betty received her education in Southwood School, Steinbach, and attended Sunday School near her home under the "Kleingemeinde" congregation. Betty has recently joined the LCW (Lutheran Church Women) Group of St. John's Lutheran Church, Greenwald.

We were married on Sept. 23, 1961, in St. Paul's Lutheran Church, Steinbach. The pastor was Rev. M. Hulsemann.

Before I contemplated doing fulltime farming I worked at a few jobs, mainly bush work and construction jobs. My employment as a construction worker took me to various areas, one of them was helping build Highway No. 59 (North) and another was helping build the floodway near Winnipeg under Schreyer Construction. Since operating a farm and working out on a daily basis was getting too hectic, I purchased more land and cattle and went into farming fulltime.

Prior to moving to our present location, Betty and I lived on my late parents farm Sec. 30-15-8 for 11 years. In 1971 I bought the farm of my present residence Sec. 31-15-8. This farm was originally owned (early 1940's) by my late Uncle Adolf Schade and later on by his son, Henry Schade, formerly of Greenwald, Man. In 1971 I also started operating a dairy farm. The stable on my present farm was built in 1972, by my Uncle William Block, Beausejour. The house was built in 1978, by A.K. Penner, Blumenort, Man.

We have five children. One daughter Crystal, and four sons, Douglas, Colin, Timothy and Matthew. Crystal has a son of her own, Jonathon.

Betty and I lead a busy farm life with our young family, and are also enjoying good health.

In conclusion I would like to express our indebtedness to our parents and others like them who opened and paved the way for our more abundant life. We, their descentants, can live on enjoying many of the pleasures of life made possible by their contribution.

WILLIAM KIRKNESS

submitted by Bobbie Huck

William Kirkness was born Sept. 14, 1836 in Kirkwall, Orkney Islands, in Scotland. He was 19 years old when he signed up with the Hudson Bay Company and he came to Canada in 1856 by boat (York Boat I believe the boat was called) landing at the Port of Churchill.

He worked for the Hudson Bay Company for five years, transporting goods by boat in summer and by dog team in winter.

When his term with the Hudson Bay Company was up, he had the option of land, going back to Scotland, or money, he chose land and came to the St. Clements area and chose a 1/4 section, which he surveyed himself in 1859 or 1860. He lived on the land until 1871 when the Dominion Surveyers came to survey, then the portion of land he chose became Sec. 8-13-5E.

Jane Kirkness Nee: Brown.

He married Jane Brown in 1867. Jane Brown came from Stromnes, Orkney. She came to Canada to work for her Uncle Magnus Brown (Magnus Ave. in Winnipeg was named after him).

William and Jane's first home was built of logs with a thatched roof, the floor was of hewn logs. The land was cleared with an axe and a team of oxen. The plow that was used also came from Scotland. The crops were cut by scythe with a cradle at the back. Each cradle load made a sheaf, when dried it was threshed by a flail, when cleaned it was hauled to Upper Fort Garry, traded for such staples as were needed in a home (flour, tea, dry goods, etc.)

William and Jane had 5 sons and 2 daughters. Mary married George Taylor, William married Sarah Craig, James married AnneBella Sabastion, Charlotte never married, John also never married, Peter married Mysie McMurchy, Magnus (the youngest) married Catherine McMurchy. The family's religion was Presbyterian.

Mrs. Kirkness died when she was 77 years old and Mr. Kirkness passed away when he was 90 years old. When he died the homestead was carried on by his youngest son, Magnus Brown Kirkness.

Magnus married Catherine McMurchy and they had a family of 8, 2 boys and 6 girls. Magnus died in 1957, at 79 years of age. There are still 4 members of the Kirkness family living on Sec. 8-13-5E; Magnus' son, William, his daughter, Roberta Lupal and Archie Kirkness, son of Magnus brother William. And of course, there is myself, Bobbie Huck, daughter of Roberta Lupal and Great-Granddaughter to William Kirkness Sr.

In 1902, Ludwig homesteaded on Sec. N.E. 20-16-8.

Ludwig and Wilhelmina's children were all born in Russia, except for Minnie Trapp, she was born in Manitoba. In 1905, Mrs. Ludwig Klann died giving birth to another child (on Jan. 6, 1905). She was buried on the Family Homestead, as there was no graveyard. By the suggestion of her step-mother, she was buried on an Indian trail on the family farm.

A little later Ludwig remarried. He continued to farm for a few years, then he moved to Beaconia and did a little vegetable growing and grew some strawberries.

Ludwig was married again, but not for long. His second wife died in 1937. Ludwig remarried for the third time and kept on farming. Ludwig's son Daniel and his wife moved to Vernon, B.c. during this time.

FRED KLANN AND FAMILY

submitted by Fred Klann

I, Fred Klann was born in Russia in 1899, and came to Canada with my parents in 1900. My parents were Daniel Klann and Augusta Klann (nee: Hemminger). For one year we lived in Gretna and worked for the Mennonites. In 1923, I married Anna Klann (nee: Zirk). Anna was the daughter of Jacob Zirk Sr.

In the depression years it was not easy to get some cash money in your hands. It meant cutting cordwood in Winter and trading it for groceries, as there was not much land cleared to seed grain. A cow sold for \$7 or \$8 and a hog sold for \$2 or \$3, eggs for 6¢ or 7¢ a dozen, and little piglets at 25¢ a piece.

Fred and Anna lived all their lives on Sec. 30-16-8, and raised 6 children. They were members all their lives and still are in Thalberg Trinity Lutheran Church. Anna Klann passed away suddenly in 1976. I, Fred still reside in the old homeplace with Dugald.

My children are, 4 sons: Raymond, Edmund, Harold, and Dugald and 2 daughters: Alma (Mrs. Mike Tymchude), and Thanna (Mrs. John Engbercht). John passed away, and Thanna lives in Ontario. We have 11 grand-children and one great-grandchild.

HISTORY OF ADOLPH KLATT FAMILY

submitted by D. Craigie

Adolph Klatt was the son of Henry Klatt who immigrated to Canada in late 1800's. Adolph was born Feb. 19, 1905 in Thalberg, Man. He went to school in Thalberg and worked with his father and older brothers on their father's farm and cutting cordwood in winter for a living. Adolph and his brothers were great fur trappers. Adolph and his brother Roy went out west at harvesting time in 1925. After working for farmers out west they decided to go to Milwaukee, U.S.A. to look for work. They came back to Gull Lake, Man. the next year. Adolph met Audrey Thomas, daughter of Capt. W.R. Thomas and married her in 1928.

Adolph and Audrey made their first home at Gull Lake. They both went out west for the first year of their marriage where Adolph worked harvesting and Audrey cooked for the workers. Adolph and Audrey had nine children all born in the Gull Lake, Beaconia district. Melford, June 24, 1929, Ralph, July 19, 1930, Earl, July 24, 1933, Leonard, June 24, 1935, a daughter Dorothy, Nov. 8, 1936, David, July 26, 1938, a daughter Lorraine, Dec. 21, 1940, William, May 10, 1942, Christene, Aug. 3, 1953. Adolph settled in Beaconia on Sec. 15-17-7E.

\$35.00 for gasoline. There they picked fruit and did other odd jobs, but life there was pretty hard as it was the depression years. So Adolph sold his car and with what money they had, bought a train ticket for all and came back to Beaconia, Man. to settle into community life.

Adolph and his family were very active in sports. He helped in building and always supported any sports

activity as did his children.

In his later years, Adolph believed in living off the land. He grew great vegetable gardens and picked any kind of wild berries and sold these products to beach people at Gull Lake and Grand Beach. His transportation was a good Two Wheel Bicycle which he rode everyday in summer into the back trails and picked berries and dug the old Indian root, Seneca Root, this he sold to buyers who came from Winnipeg to buy it. In early times Adolph had his whole family out doing these things just to make a living. Adolph also had a love for horses. He always had a good team which he hitched up and everyone went along into the hills or just visiting. Sometimes he took all the family and camped out for weeks at a time picking berries then back to town to sell the berries they picked.

Adolph worked hard to make a good living for his family. Also working and helping other people in the community to get by. He lived a very honest and religious life. He died Oct. 29, 1976. He was predeceased by two sons, David in 1961 and Melford in 1974. Audrey continues to lead a very busy life. John Kolmatiski came to Canada in 1892-93 and settled in Winnipeg as a carpenter. He possessed a secondary school education and had a fair command of the Polish and German languages in addition to his native Ukrainian. He became acquainted with the early Ukrainian settlers from Nebyliv who came to Canada in May 1892, several families of whom were residing in Winnipeg, and decided to become a one-man immigration company to induce Ukrainian families to emigrate to Canada.

Left to Right: Mike, Catherine Kolmatiski, Paul and Ann Stashyshyn (parents of Catherine), Tony Lalchun, Mary Lalchun, 1940.

John and Xena Kolmatiski had six children: four sons and two daughters. John Jr., born in Western Ukraine (Galicia, Austria), died in 1920. He had one daughter, Gloria Kaye, who became a famous singer. Steve and Mike were also born in Western Ukraine. Steve passed away in 1960. Peter was born in Alberta, Canada and is presently residing in Red Lake, Ont. Annie was born in Saskatchewan, and is now living in Moose Jaw, Sask. Katherine (Katie) was born in Winnipeg. Ukrainian Catholic Church in Tyndall. Catherine was the daughter of Mr. and Mrs. Paul Stashyshyn of Gonor, Man. She had two brothers, John and Bill and one sister Mary (Lalchun). They were all born in Gonor. Her parents also came from Western Ukraine.

Our parents, Mike and Catherine, in the "Dirty 30's" and early "40's" started with very little money. After clearing around 200 acres of bush land, they mixedfarmed and grew all types of grain. At first, they planted 30 acres of potatoes and as the years went on, they increased their acreage to 60 with the help of their children. Catherine's (Mom) main interest was in raising chickens and turkeys. She raised approximately 1,500 laying hens and 500 turkeys each year. Mike (Dad) had a contract with the "Kenora", a boat now located in the Selkirk Marine Museum, for every Monday morning for a delivery of 95-110 pounds of broilers. They also had a contract with the Malborough Hotel about one week before Christmas each year to deliver and dress about 450 to 500 turkeys. They also held a contract with the Selkirk Mental Hospital to deliver 75 dozen fresh eggs every Saturday.

KOLOGINSKI FAMILY

submitted by Stella Sul (their daughter.)

My father, Wasyl Kologinski and his brother John emigrated to Canada from Austria in May 1906. They sailed from Belgium and landed in Quebec. Their parents, Marcus and Euphrosyne Kologinski sold one acre of their land to pay their son's fare to Canada, so that they could make a better living in the new land. Wasyl and John first made their way to Winnipeg, being employed with whatever came their way. They also helped build Highway No. 44 to Kenora, Ont. Their brother Michael and sister Mary soon followed. Later their step-brother, Anton, arrived too.

Wasyl and Anna Kologinski.

Michael, Sophie, Johnny and Stella Kologinski.

While living in Winnipeg, Wasyl met Anna Shastko and they were married on Oct. 22, 1907 in the St. Nicholas Ukr. Greek Catholic Church, Winnipeg, by Father A. Filipow. Anna was born in Jabloniw, Poland, on January 19, 1887 and was baptized according to the Rite of the Roman Catholic Church by Rev. Bochtalowski.

My mother's mother, Marina Solnik and her husband Simon, (Step-father) moved to East Selkirk from Winnipeg. My parents soon followed to make their home here also. Colville Road was only a mud road then.

My father was employed for a time by the Manitoba Rolling Mills, and together with his brother-in-law, Nick Solnik, operated the ferry for a few years which took the passengers across the Red River. He also farmed on his small acreage.

My parents had five children, Sophie, Stella, Sally, and twins Johnny and Michael.

Their first parcel of land was 2 acres which they had to clear by hand. I remember our first home which had a veranda. Many happy hours were spent there, playing school or games. Then father bought another six acres of land and had a much more modern house built on it. In

fact, that is the first house that Selkirk Lumber Co. built in East Selkirk.

Later, my Dad purchased another eleven acres on Colville road. I recall that this was the site of a gypsy encampment. Some of the village women would go to have their fortune told. My mother warned us never to go near there because the gypsies had a reputation for kidnapping children. Neeless to say, we still made our way there out of curiosity.

I recall my Dad telling us that his father Marcus was a musician and would be gone for days playing at weddings and parties. He forbid his sons to play a musical instrument as he said they would never make good husbands. Nevertheless, my Uncle John pursued his love for music and played the violin at weddings, social functions and entertained his family and friends. My father played the Jew's Harp and always either sang or whistled while he went about his daily chores. I can still picture him riding his bicycle and leading his two horses to the pasture while whistling or humming a tune.

I remember our Christmas and especially Christmas Eve, were occasions I could never forget. There was that special feeling and excitement with Christmas Eve approaching and we were busy making sure all was neat and

clean for the holidays. Also, as money was scarce, we made our own homemade gifts. Mother was busy with the cooking and baking and I can recall the lovely aroma of mother frying doughnuts and little prune buns in cooking oil. We would have a real pine Christmas tree and we would make our own Christmas decorations. We would string popcorn and make chains from different colors of crepe paper. We would also hang walnuts and oranges on our tree. To our little minds, this was the most beautiful tree. As the much awaited Christmas Eve arrived, the first star appeared, our father would walk in the door with an armful of hay and say a beautiful greeting and wish all the family a long and happy life. He would place a little of the hay on the table which mother covered with a white tablecloth, and the rest of the hay was put under the table. We had great fun hopping in this hay. Our grandparents would arrive just in time for supper and then twelve meatless dishes were served. After supper, we all sang Christmas carols and our grandmother would always choose her favorite carols. As the years slipped by, we knew them all by heart. The carollers would also come out and ask permission to sing under the window. Of course they were always welcome and father would give them some money. We could hardly wait to exchange our few precious gifts. I remember when our parents gave us a little tea set which was our most treasured possession. During the day, relatives and friends would drop in and mother was forever serving food. Yes, I remember, how wonderful it was, with the security and warmth of all the family being together. There will forever be a longing in my heart, if only we could all be together for just one more time.

JOHN AND HELEN KOLYNCHUK

submitted by Pearl Banash

John is the third youngest son of the late Mr. and Mrs. William Kolynchuk. He was born in October of 1917. While attending Ashfield school he also worked part-time for the neighbours. In 1935 he went to work for the Department of Highways. The Selkirk Rolling Mills was his next place of employment in 1941. He worked at the Rolling Mills until 1942, when at that time he was drafted into the army for a thirty day training period. Upon completion of his training he worked on his parents farm. In the spring of 1946, his parents had purchased a larger farm in the Springfield Municipality, and had taken up residence there. Later on in that same year John met Helen (daughter of the late Mr. and Mrs. Kyrilo Hunka) and in August they were married. The first winter in their marriage they both worked for Canada Packers. They lived in winnipeg during the winter months and once spring came, they moved back to the farm. They lived with John's parents for three years.

Then in 1950, John and his brother Mike purchased farm land in the Kirkness area. They moved to Kirkness, they kept their livestock, cows, pigs, and chickens, and grew potatoes and grain. In the winter months of 1951, John baled straw.

They worked together hard, in clearing the bush and in 1959 they constructed a potato storage. In 1966, John and Helen had built a new home which still is their permanent residence. Also, in 1966, they sold their cows and started to dwindle the rest of their livestock, until today they grow mainly potatoes and grain.

John and Helen were blessed with two children, a son Henry born in March of 1948 and a daughter Valerie born in 1958. After Henry completed his education he got married to Connie (daughter of Mr. and Mrs. Phillip Tomczak) in June of 1970.
